Introductory Remarks:

Matthew J. Platkin, New Jersey Attorney General

Sundeep Iyer, Director, New Jersey Division on Civil Rights

Moderator:

Emily Armbruster, Policy Legal Specialist, New Jersey Division on Civil Rights

Program Description:

Advanced technologies have the potential to reduce discrimination. But these same technologies, when not used responsibly, can also amplify discrimination in ways that are hard to detect. Join DCR and national experts in algorithmic fairness for a discussion on this important topic. Learn about DCR's efforts to address the risk of algorithmic discrimination and to leverage new technology to combat discrimination through its Civil Rights and Technology Initiative.
