Recipient shall recognize and agree that both the initial provision of funding and the continuation of such funding under a grant agreement is expressly dependent upon the availability to DCA of funds appropriated by the State or Federal legislature from State and/or Federal revenue or such other funding sources as may be applicable. A failure of DCA to make any payment under a grant agreement or to observe and perform any condition on its part to be performed under a grant agreement as a result of the failure of the State or Federal legislature to appropriate funds shall not in any manner constitute a breach of a grant agreement by DCA or an event of default under a grant agreement because of the absence of available funding appropriations. In addition, future funding shall not be anticipated from DCA beyond the duration of the award period set forth in a grant agreement and in no event shall a grant agreement be construed as a commitment by DCA to expend funds beyond the termination date set forth in a grant agreement.
